

## NORTH HOUSTON CHALLENGE

### Cypress Creek HS Safety Protocol

#### Evacuation (Fire, Gas Leak, etc.):

- Evacuate the building
- Listen to instruction over the PA or by the Ascension Staff
- Use the quickest route with the least resistance

#### Stay (Hold in Place):

- Need to limit the movement in the building
- Dancing may continue as normal
- Limit restroom trips as much as possible
- There will be staff members in the hallway
- Wait for further instruction from the Ascension/Host School Staff

#### LockOUT:

- External threat
- Check hallways and bring students inside the gym
- Dancing may continue as normal
- Limit restroom trips as much as possible
- Entry/exit to the building will be prohibited

#### LockDOWN:

- Internal threat
- If you are not given a specific location of the threat- go into lock down protocol. You will react to what you see and hear.
- Lock doors, cover windowpanes, turn off the lights, keep all dancers and spectators silent
- No entry/exit to building (no on in, no one out)

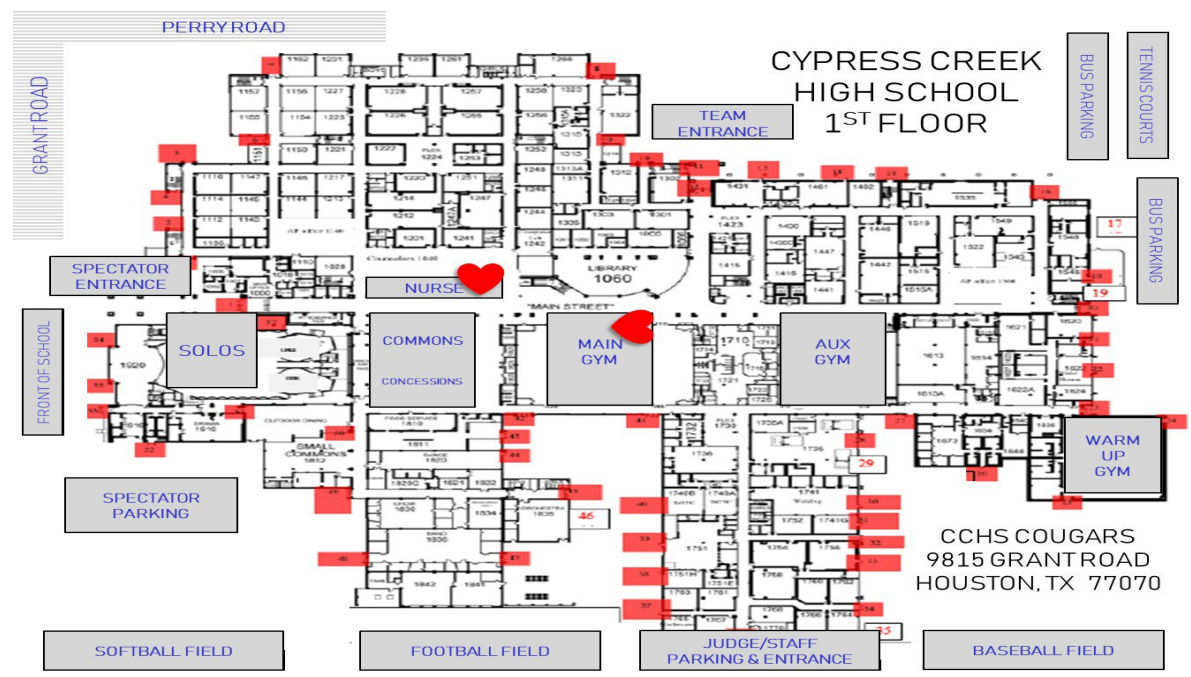

\* In case of Emergency, please follow the following steps:

1. Notify Ascension staff/Westwood Staff
2. Notify Campus police on site or CFPD
3. Notify Campus administrator
4. Notify participants of shelter in place procedures

Our Bleed Kits and Defibrillators are housed together in the same places throughout the school.

The closest location to the main gym is located, in the main gym on visitor side of gym on wall behind the bleachers. Next closest location will be on main street at nurse's office – directly across from commons.
